# AOGIN India Conference 2026

Translating Evidence into Practice:  
Updates in Female Genital Infections and Neoplasms

18 19 20 September 2026

Venue:  
Nila Auditorium, Govt. Medical  
College, Kozhikode

Scan Here for  
**Registration**

Kozhikode welcomes you to an academic gathering focused on cervical cancer prevention, HPV vaccination, lower genital tract disease, cytology, colposcopy, vulvar disease and prevention strategies in women's cancers.

## Why Attend?

- A dedicated pre-congress day with five focused workshops designed for clinicians, trainees, cytology professionals, nurses and healthcare personnel
- National and international perspectives on HPV vaccination rollout, screening implementation and cervical cancer elimination
- Case-based discussions, panels, hands-on training, cytology slide reading, colposcopy skills and real-world algorithm building
- Free paper and poster presentations, plus separate quiz competitions for PG and MCh residents with attractive prizes

## Conference at a Glance

Sept 2026 **18** **19** **20** Nila Auditorium Govt. Medical College  
Kozhikode, Kerala

**18**

September, Friday

Pre-congress 4 workshops and public/  
community engagement

**19**

September, Saturday

Core scientific programme, inauguration,  
Dr Sankaranarayanan Oration, panels discussion and networking

**20**

September, Sunday

Academic consolidation, quiz finals,  
awards and valedictory

# Pre-Congress Workshops

Five parallel learning tracks for practice-ready skills

18

Sept  
2026

## Colposcopy Workshop

**Live colposcopy/surgical workshop**, hands-on skills lab, LEEP/LLETZ simulation, thermal ablation stations, biopsy/ECC techniques, pregnancy / adolescent / postmenopausal colposcopy, AI and digital colposcopy, and real-life complication scenarios.

## HPV DNA, Molecular Biology and Cervical Cytology Workshop

Interactive sessions on HPV biology, validated HPV testing, extended genotyping, HPV-based screening, self-sampling, biomarkers, Bethesda system, cytology-histology correlation, slide interpretation lab, HPV workflow and building screening algorithms for different practice settings.

## Vulva Workshop - Forenoon Session

Normal vulvar anatomy, symptom evaluation, benign dermatoses, pigmented lesions, vulvodynia, chronic inflammatory disease, vulvar biopsy, multizonal intraepithelial neoplasia, VIN and cancer vulva, with difficult lesion discussions.

## Cosmetic Gynecology Workshop - Afternoon Session

Energy-based devices, regenerative medicine, recurrent vaginal infection prevention, sexual and onco-rehabilitation, reconstructive approaches after neoplasia treatment, and multidisciplinary case discussions in genital restoration.

## Community Workshop

Designed for nursing professionals and healthcare personnel, covering cervical cancer basics, HPV infection, HPV vaccination, VIA, Pap smear, HPV DNA testing, national programme updates, RTI, and screen-positive pathways.

# Faculty, Dignitaries & Invited Experts

## International Faculties

Dr Patti Gravitt  
Dr Partha Basu  
Dr Neerja Bhatla  
Dr Nomonde Mbatani  
Dr Noirin Russel  
Dr PK Sekharan

## SAFOG Team

Dr Aliya Aziz (Pakistan)  
Dr Hawwa Hana (Maldives)  
Dr Rojna Rani (Bhutan)  
Dr Ugyen (Bhutan)  
Dr Yapa Wijeratne (Sri Lanka)  
Dr Ehsan Ghorani (London)

## National Faculty

Dr Pawan Kumar  
(Addl Commissioner, MoHFW)

Dr Abraham Peedicayil

Dr Ajith Sebastian

Dr Alok Chandra Bharti

Dr Alok Shillong

Dr Anitha Thomas

Dr Anju Singh

Dr Anusha Kamath

Dr Aruna Nigam

Dr Arup Deb Roy (JSI)

# Scientific Programme Highlights

SEPT  
2026

18 | 19 | 20

## Key themes and Featured sessions

- Dr Sankaranarayanan Oration.
- Grand lectures by national and international faculty on HPV, screening, prevention and global lower genital tract disease perspectives.
- National symposium and expert panel on India's HPV vaccination rollout - the first report card.
- Experiences in cervical cancer prevention shared by experts from different regions of India and from other countries.
- Emerging frontiers in lower genital tract disease prevention, including cervicovaginal microbiome, VAIN, vulvar premalignancy and benign - to - premalignant vulvar disease strategies.
- Colposcopy in 2026 - translating findings into evidence-based management.
- Cervical precancer screening and management, including CIN2+ and the ablation dilemma, HPV assay selection and screen-treat versus triage strategies.
- Clinical challenges in cervicovaginal infections and precancers, including coinfections, vaginal probiotics and symptom-based case discussions.
- Innovation and precision prevention in women's cancers, including circulating tumour DNA, AI in prevention, HPV-independent cervical cancer and therapeutic HPV vaccines.
- Prevention strategies and risk reduction in gynecologic neoplasia, including ovarian cancer genetics, RRSO, endometrial hyperplasia and hereditary cancer surveillance.
- Global guidance, local action - implementation of updated WHO recommendations.
- Case-based learning in trophoblastic disease and women's health, NSSTD session, quiz finals, awards and valedictory.

## For PG and MCh residents

Free paper presentations and poster presentations

Separate PG and Superspeciality/MCh quiz competitions

Attractive prizes, academic visibility and an opportunity to interact with leaders in the field

## Invitation

We warmly invite faculty, practitioners, residents, fellows, nursing professionals, public health teams and allied healthcare workers to join AOGIN India 2026 in Kozhikode for three days of learning, dialogue and collaboration.
